Railblaza Starport Wall Slings

Storage of a wide range of watercraft including SUPs, canoes, windsurfers and kayaks just got quicker and easier with the RAILBLAZA StarPort Wall Sling. See it in action on YouTube in the video below.

The StarPort Wall Sling will free up space in your garage, shed or yard by allowing you to hang your craft on the wall. If you need to hang 2 boards they can stack with 2 slings.

You can hang it outside on one pair of StarPorts to wash down, and then easily transfer it to another pair of StarPorts inside to keep it warm and dry! If you want to use your sling at another location like your holiday home it's as cheap and easy as fitting two more StarPorts.

Installed in minutes and supplied with StarPorts, slings, adjustment buckles and screws the StarPort Wall Sling is great value for money.
