A durable and cost-effective SUP board, the NRS Cruz is the perfect inflatable paddle board to round out an outfitter's or outdoor program's fleet. The Cruz is wider and longer, offering a little more stability for the wobbly rookies or a solid platform for larger paddlers.

- Highly stable and beginner friendly from the start. We guarantee even the most novice of customers won't be unhappy on this board.
- Toned down without the bells and whistles of more expensive boards the Cruz SUP has basic outfitting for lower cost and easier maintenance.
- With 228/261 liters of air volume, the 13 cm thick Cruz provides optimal performance and stability for paddlers up to 100 kg.
- Double sidewall construction for increased durability and streamlined aesthetics. The heavy-duty PVC drop-stitch construction stands up to abrasion and abuse.
- Top-quality Leaffield D7 inflation/deflation valve for unsurpassed reliability.
- We added a sturdy webbing handle in the center of the board for easy carrying and two handles, one on the front and back, to aid during an unexpected swim.
