Belly Diver Mini

The small and compact Belly Diver Mini quickly gains depth, where it seduces perches, zanders and pikes. The large diving lip equips this lure with a very active swimming motion, which provokes strong vibrations even at low speed. Perfect for fishing from the boat, because it keeps its diving depth also near the boat. Produces a strong blast wave, which activates also dull predators. Perfect for big trouts, which lurk in great depths.
