Gunki Scunner Replacement Fins Set

from 4,49 €* 4,49 €

Maximise your fishing success with the innovative Gunki Scunner Twin fin set

Revolutionise your fishing technique with Gunki quality

Expand your fishing equipment with the **Gunki Scunner Twin Fins Set**, which has been specially developed for the Gunki Scunner Swimbait. Gunki, the market leader in fishing innovation, offers a product that is as robust as it is effective - at a price that suits every angler.

Easy handling, outstanding results

Fishing for predatory fish requires equipment that can withstand tough conditions. With the **Gunki Scunner fin set**, you always have the right replacement at hand. The set, consisting of three fins in different colours, is available for the 135 and 175 Scunner and makes it possible to react quickly to damage or loss.

Einfaches Handling, herausragende Ergebnisse

Made from the innovative material TPE, these fins not only offer outstanding durability, but also easy handling. Assembly is intuitive, so you can spend less time preparing and more time fishing. It is important to note that the TPE fins should not be stored with other rubber lures to avoid material reactions.

Product highlights:

- **Material:** Innovative TPE for the highest demands

- **Package contents:** Three replacement fins for flexible application options
- **Model compatibility:** Designed for the Scunner models in 135 and 175 size
- **Installation:** User-friendly and quick - for more time on the water
- **Design:** Three colour options to best suit your fishing conditions

Boost not only your fishing prospects but also your fishing experience with the **Gunki Scunner Twin fin set**. A must-have for any serious predator angler - available now for your next successful fishing trip.
