

Hybrida Lure Twitchbait K1 9cm 25g

Hybrida

Product number: HYB-K1T

The little brother of the legendary K-3.

15,90 €* 15,90 €

Near-surface imitation of prey fish is the great strength of the K-1 Twitchbait. Easy twitching makes the wobbler flank seductively. Thus one can adjust perfectly the escape behavior of the prey fish. The combination with abrupt stops provokes many predators to bite.
