Discover the Hybrida W1 Walkbait

Imagine casting your fishing plug and immediately feeling the intense pull that comes from a big catch. That's exactly the feeling you get with the Hybrida W1 Walkbait, a high-quality surface lure. This exceptional lure amazes domestic predators such as asp and perch with its impressive walking-the-dog technique. Experience the excitement of fishing in a new dimension and be ready for spectacular bites that you will remember for a long time.

The masterpiece of fishing tackle

Thanks to its slim design and extra shallow running depth, the Hybrida W1 Walkbait is ideal for fishing in shallow water and over reed beds. With its remarkable long-range casting performance, it is perfectly suited to the conditions in our local lakes and canals. Made with a continuous wire construction, the W-1 is a highly durable bait that will withstand the bites of powerful native predators.
