Discover the Illex Chubby 38F lure crankbait - your new companion for shallow water fishing

A must-have in every bait box

The **Illex Chubby 38F crankbait lure 4.0g** has established itself as an indispensable item in the lure boxes of passionate anglers. With its impressive catch rate, the Chubby has quickly conquered the hearts and waters of the angling community. Its reputation as an extremely effective lure for fishing in shallow waters speaks for itself.

Perfect for shallow waters

This 3.8cm small crankbait, equipped with a short shovel, is ideal for fishing just below the surface in depths of up to 0.6m. Simple cranking, paired with occasional "stop and go" techniques, is enough to achieve exceptional success with the Chubby. Even with lazy fish, fast cranking ensures provoked reaction bites, making the Chubby a real insider tip.

Surprising versatility

Despite its small size, the Chubby is capable of attracting a wide range of target fish, including perch, chub, barbel, asp, pike, catfish and trout. Its special vibrations in the water make it irresistible to young and old alike. Anglers are always surprised at how even large predators succumb to this lure.

Key features of the Illex Chubby 38F

- **Optimum size:** With a length of 3.8cm, ideal for precise casting and targeted fishing.
- **Lightweight:** With a weight of only 4g, perfect for shallow waters and sensitive fishing.
- **Shallow diving depth:** Swimming depth of up to 0.6m, ideal for fishing just below the surface.
- **Versatile:** Effective for a variety of target fish such as perch, chub, barbel, asp, pike, catfish and trout.
- **Swimming behaviour:** Floating, creating tantalising vibrations that attract fish even at distance.

With the **Illex Chubby 38F made by Jackall**, you secure a lure that impresses with its effectiveness, ease of use and ability to convince even the biggest predators. Make the Chubby an integral part of your fishing equipment and experience how it revolutionises your fishing success in shallow waters.
