

Illex Chubby Popper 42 Lure 3,3g floating

Illex

Product number: IL-CHPPR42-F

Perfect when predators hunt for small prey.

19,79 €* 19,79 €

This little Popper is another representative of the successful Chubby family. Simply great, when predators are hunting for small prey (larvae, amphibians or small prey fish). Compact and well proportioned, this bait can be dreamily cast thanks to the internal weight. The Chubby Popper has an incredible walk the dog action, splashes and pops like a big on request! Every popper should show perfect posture when stopping. To mimic the look of the tail of a prey fish or insect wings, this bait is equipped with a so-called Featherhook. Even the most shy chubs and smallpigs fall for it.
