The new MR running depth for the famous Chubby.

17,99 €\* 17,99 €

The MR (Medium Runner) version of the famous Chubby is a welcome addition to the existing models. The diving depth is between the Chubby (0.6m) and the D-Chubby (1.5m), ideal for zones where you need about 1m of depth to succeed.

Simply cranking with Stop & Go is enough to provoke attacks. Our Chubby, often copied, never reached!

- Eye-catching colors
- Ultra sharp triplets
