## Experience the ultimate fishing performance with the Illex Battle Minnow 80 SP lure

A masterclass in jerkbait minnows, the **Illex Battle Minnow 80 SP lure** is your secret weapon for successful fishing in slow rivers and lakes. Perfected for fishing a variety of predatory fish, including *perch*, *asp*, *trout*, *chub*, *black bass* and *pike*, this lure offers unrivalled underwater attraction.

### Unique swimming action for maximum catching success

When guided slowly, the Illex Battle Minnow seduces with its casual swimming motion, which suggests easy prey. Pick up the pace and it transforms into a frenetic fleeing fish whose unpredictable movements tempt even the most cautious predators to attack.

### Technological innovation for long casts

Thanks to its innovative **weight-shifting system**, the Battle Minnow 80 SP enables exceptional casting distances, allowing you to target even hard-to-reach hotspots with ease. Ideal for anglers who want to refine their technique and increase their catch rates.

### Product features at a glance
