Illex lure Tricoroll 47 HW - The perfect hardbait for trout and perch

The Illex Tricoroll 47 HW 3.2g lure is a small masterpiece among hardbaits. This minnow impresses with its versatility and has not only made a name for itself among trout anglers - perch fans also swear by it!

Features of the Illex Tricoroll 47 HW lure

- **Realistic finish:** The Illex lure impresses with an extremely lifelike appearance that fools even the most cautious fish.
- **Stable in the current:** Thanks to its balanced body shape, the Illex hardbait stays on track even in strong currents.
- **Heavy weight version:** This version sinks quickly and enables long casts - ideal for deeper waters.
- **Fantastic rolling action:** Regardless of the retrieve speed, the Illex Tricoroll has a seductive rolling action.
- **Versatile animation:** Jerks and twitches can be used to retrieve the lure from the depths, making it look like a wounded prey fish.
- **Owner treble hooks:** High-quality hooks ensure a secure hold and high catch yield.

The Illex Tricoroll 47 HW lure is 4.7 cm long, weighs 3.2 g and is characterised by its sinking swimming behaviour. It reaches a swimming depth of 0.6 to 1.0 m and is ideal for targeting perch, trout and asp. This Illex hardbait, especially the Tricoroll, combines advanced technology and ingenious design to give anglers the edge. With its ability to effectively lure both perch and trout, the Illex Tricoroll 47 HW 3.2g lure is an essential addition to any tackle box.
