

Illex Stream Ripper Lure Secret Pollack | 11cm 27,9g

Illex

Product number: IL-16149

The STREAM RIPPER is a hyper-dense sinking pencil bait that is built for distance casting.

Weight: 0.0279 kg

17,99 €* 17,99 €

Great for reaching far bank cover or covering chasing fish without spooking them. The STREAM RIPPER naturally sits just below the surface film and when retrieved fast its density helps the lure hold the attractive twisting swimming action in strong flows. When twitched the lure zig-zags attractively from right to left then stays horizontal as it sinks seductively when paused. A great lure for targeting bass, trout, asps, perch and pike. Also Ideal for light tropical situations.
