

Illex Super DD Squirrel 115 SP Lure 22g

Illex

Product number: IL-SDD-SQRL-115SP

The allround jerkbait #1 as a super deep diver (DD) against deep standing predators.

29,95 €* 29,95 €

This 11.5 cm size adds a new dimension to our SQUIRREL family. All the features of the Deep Diving Squirrel 79 SP are present, but in a dimension designed to tempt larger pike, zander and perch in freshwater, as well as sea bass and pollack in the sea. Capable of diving to 4m, it shakes with the slightest movement and flashes its flanks attractively. Great for mid-water fishing where the Suspender sits virtually weightless in the water column. Ideal for stop-and-go techniques that give a following predator the perfect chance to strike. Can also be fished like a crankbait or varied with kickback jerking. Also works very well when trolling.
