## Impressive performance in the water: Illex TN 38 Trigon - The master of vibrations

The **Illex TN 38 Trigon Crank vibrating lure** is a masterpiece of fishing lure technology, specially designed for discerning anglers who don't compromise. This mini version of the renowned TN-Trigon series is your ideal partner for freshwater fishing when it comes to outwitting perch, zander and other predatory fish.

### Innovative design for maximum casting distances

With its oversized, teardrop-shaped tungsten weight on the head, the TN 38 Trigon offers exceptional casting distances and a fast sink rate - perfect for exploring even the deepest waters. Where conventional lures reach their limits, the Trigon unfolds its full strength.

### Stable on the bottom, versatile when guiding

Once at the bottom of the water, the Trigon sits securely on its lip and waits for you to bring it into play. Whether ultra-slow or aggressive - it adapts to your style. When plucked Over sandy or rocky bottom, it spreads the characteristic, strong vibrations of the TN family, which predatory fish find irresistible.

### Deep sound magically attracts predators

The classic guide with linear retrieve technique or sawtooth technique allows the Trigon to produce a deep sound that attracts perch and zander in particular. A lure that keeps its promises.
