Illex Lure Water Moccasin 75

The Water Moccassin is the smallest of all Illex's pencil Baits. To make it more versatile than ever the range now goes up to 9.4 gr. You can easily work this tiny lure for ultra cautious fish even under windy conditions. This lure is equipped with the 3 eye attachment system that will let you change swimming depth instantly. The tungsten beads inside the Water Moccassin do two things: perfect cast control in the air and that unique sound when worked through the water.
