

Illex Water Moccasin 75 Lure 9,4g floating Table Rock Tiger

Product number: IL-38908

Small Stickbait with outstanding characteristics.

Weight: 0.009 kg 21,90 €* 21,90 €

The Water Moccassin is one of the smaller Illex Stick Baits. With its 9.4g weight, it can be casted very far and precise. It makes no effort to place the Moccassin exactly in windy weather and moving surfaces. The body has reinforcing ribs inside and also on the vario eyelet for three different running styles was not waived. The Water Moccassin meets two main criteria: Perfect casts and thanks to the tungsten balls unique sound when fishing. An absolute killer on perch, asp and co.!
