

Illex Water Moccasin 75 Lure 9,4g floating

Illex

Product number: IL-WMCC75-F

Small Stickbait with outstanding characteristics.

from 19,90 €* 19,90 €

The Water Moccasin is one of the smaller Illex Stick Baits. With its 9.4g weight, it can be casted very far and precise. It makes no effort to place the Moccasin exactly in windy weather and moving surfaces. The body has reinforcing ribs inside and also on the vario eyelet for three different running styles was not waived. The Water Moccasin meets two main criteria: Perfect casts and thanks to the tungsten balls unique sound when fishing. An absolute killer on perch, asp and co.!
