Lucky Craft

Product number: LC-SWFM-110SP

High-quality fishing lure for sea bass fishing in salt water

19,50 €* 19,50 €

The FlashMinnow series was developed for use in California where in-shore fishing is enjoyed. In the Bay Area, for example, in-shore fishing is more prominent, and species such as HALIBUT, SURF PERCH, WHITE SEABASS, SAND BASS, and CALICO BASS can be caught. As for in-shore fishing in other areas of California, don't forget species such as Striped Bass, Red Fish, Sea Trout and Snook. When fishing for Halibut or White SeaBass, the FlashMinnow 110SP in the Metallic Sardine color demonstrates the power of both the lures and color combinations from Lucky Craft.
