Lucky Craft

Product number: LC-LC-1-5-303GPCGL

High quality square crank baits, perfect for hunting predatory fish.

Weight: 0.012 kg  
16,99 €\* 16,99 €

The LC Series is the first high quality plastic square bill crank bait ever made. Over the last several years, the LC Series crankbait has replaced balsa wood crankbaits in tackle boxes for cover fisherman everywhere. The LC Series is a high floating plastic crankbait that is much more durable than its predecessor wooden crankbaits. The LC Series reigns supreme in heavy hard rocky bottom areas where large bass lurk.

- The first high quality plastic squarebill crank bait ever made
- A quiet killer, a less-evasive presentation for targeting fish in heavily pressured cover
- Perfect deflection against cover, stump, laydowns, riprap, rocks, bridge pilings, or ripping out of grass
- True-running, hard-wobbling action, bite-inducing action even just burning in open water
- Ideal buoyancy allows it to back out and float out of snags
- Reach its desired depth quickly
- Designed with a bite-sized profile, triggers aggressive strikes
- Top-of-the-line premium color paint schemes
- Laser harp hook
- 3D gill plates, 3D eyes, 3D scales, really bring these baits to life
