Lucky Craft

Product number: LC-BVSH-60

Lucky Craft unleashes yet another of its secret weapons the BEVYSHAD 60SP jerk-bait.

from 14,49 €* 14,49 €

This lure is designed to suspend perfectly with the nose down. The design of the bait allows it to dive quickly to its maximum depth, which is especially good on steep shorelines and drop-offs. The BEVYSHAD 60 SP is equipped with fish attracting internal glass rattles that will call the big ones out from hiding. Field reports prove that numerous fish were caught with the bait sitting still, and not moving at all. We credit this to the true baitfish finish and perfect balance this bait provides. Just cast, twitch and jerk.....and let the bait speak for itself!
