Lucky Craft SW B'Freeze Pointer 100S: The seabass magnet.

A lure designed to outwit nature. The **B'Freeze Pointer 100S** from Lucky Craft is no ordinary jerkbait. Thanks to its precise design adjustments, it produces movements that so authentically mimic the struggle for survival of an injured fish that predatory fish simply cannot resist. Even in still moments, it vibrates and oscillates, making it irresistible. With a variety of patterns and colours, you can find the perfect imitation of forage fish in your area. Not only is this lure a master of deception, it is also a magnet for seabass, greatly increasing your chances of catching them.

Features:

- **Realistic animation:** perfectly simulates the behaviour of injured fish.
- **Unique vibration:** Remains active even when you stop the retraction.
- **Variety of colours:** Find the perfect match for your prey fish.
- **Seabass Specialist:** Increases your chances of catching this coveted predatory fish.

Let the B'Freeze Pointer 100S from Lucky Craft surprise you on your next fishing trip and experience how effectively it attracts seabass.
