"SW stands for Salt Water" - all Pointer fans take note. Lucky Craft has now added another new pointer minnow to its repertoire. The new SW Pointer 78 SP is optimised for salt water, but it can be used just as well in fresh water.

The Pointer is the ultimate all-round minnow and the pinnacle of the hardbait fishing scene. The Pointer range alone covers a perfect range from 1m to 3m and is available in a variety of sizes to suit all sizes of baitfish. In recent years, most minnows on the market have introduced a centre of gravity system to improve casting distance, but the reason why the fixed centre of gravity Pointer is so popular is because of its excellent action behaviour. From the start of the retrieve, the swim action is immediate and stimulates the bass's lateral line, and when the rod action is added, the quick action produces a sharp reaction bite.

- Length: 7,8 cm (3")
- Weight: 9,2 g (3/8 oz)
- Class: Suspending
- Hook: VMC #6, #6
- Max Diving Depth: 1,2-1,5 m (4-5 ft)
