## Rapala Lure Shadow Rap 11cm

The Shadow Rap® combines a horizontal struggle with a vertical fade that perfectly mimics a minnow in trouble. Rapala has perfected the natural minnow action in this new jerkbait that triggers fish in three ways: on the kick, on a slow fading fall and on the snap back to life.

Most jerk baits continue on a forward plane with each jerk. Not the Shadow Rap®. It kicks almost 180 degrees right then left, so it can be fished nearly in place with very little forward travel, keeping the flickering fade of the Shadow Rap® right in a fish's strike zone. That's when things really get interesting.

- Incredible Life-Like Finishes
- Kicks Almost 180 Degrees Right Then Left
- Action Keeps Shadow Rap® in Strike Zone Longer
- Slow-Sinking on Pause
- Running Depth: 2 ft. to 4 ft.
- Premium VMC® Black Nickel Round Bend Hooks
- Technique: Casting
