

Salmo Squarebill lure 6cm floating

Salmo

Product number: SAL-QSQ0XX

Lure with a square lip makes it possible to fish around snags without getting hooked up.

10,99 €* 10,99 €

Tough polycarbonate square lip ensures this lure can be worked amongst snags, vastly reducing chances of lure getting hooked up.

Has the same buoyancy as balsawood, but is much more durable due to being constructed from Salmo's high density space age foam.

Perfectly balanced internal weighting ensures long range, accurate casting.

The 6cm version is perfectly suitable for all larger freshwater predators.
