

Illex Blade Bait Runner Blade 90 23g

Illex

Product number: IL-RB90

Inspired by the success of our RUNNER BLADE 115, we have launched yet another smaller and lighter version in 90mm.

14,39 €* 14,39 €

Its appearance resembles a small sardine, it is also perfect for searching for pelagic fish with speed (use front eye!). The RUNNER BLADE 90 has the same running characteristics as the larger model and can also be used successfully in freshwater!

The long, slender body and lip design create a nonchalant swimming action at low speeds working between 0.2 and 0.8 metres deep. Speed up the retrieve and the action is livelier but surprisingly stable. Twitching and jerking produce sudden, unpredictable movements like those of a panicking prey fish, sure to attract any nearby predators. The BATTLE MINNOW uses 3 stainless steel bearings for weight transfer ensuring accurate long range casting performance from bank or a boat/kayak/float tube. A team favourite, this minnow is sure to find a space in every tackle box!
