

Fox Rage Spikey Shad Ultra UV Softbait Glow Perch 12cm

Product number: FR-NPK033

Extreme UV-active softbaits with fine hairs to creat strong vibrations.

The Fox Rage Spikey Shads in the new Ultra UV colors set new standards in the field of small and mediumsized softbaits. Thanks to the extremely UV-active colors and countless fine hairs on the whole body they act like predator traps. The fine hairs produce strong vibrations with each movement of the baitfish and thus give the impression of a stressed or wounded prey fish, which no predator wants to miss.
