Illex Nitro Shad 150 soft bait - Sinking bait for predatory fish

The Illex Nitro Shad 150 is a high-quality soft bait that has been specially developed for sea bass fishing. However, its versatility also extends to freshwater, where it impresses with both linear and vertical fishing. Thanks to the unique 'Nitro Booster' formula and mounting on the original [Illex Lead Heads Nitro Shad Head](#) the Nitro Shad runs sensationally well, both with special round-head jigs and without. Its tail wiggles enticingly, while its entire body rolls extremely, which attracts predators irresistibly. For even more attraction, this lure can also be coated with [Illex Nitro Booster Attractant Cream](#).

The Illex Nitro Shad already has an impressive track record. With this lure, representatives Thomas Engert & Marc Ptacovsky won the World Predator Championship at Lac de Bourget in France in 2014 and a big pike at the World Predator Classic in 2021.

Features:

- 3 pieces per pack
- Length: 15cm
