A masterpiece of manoeuvrability: the Illex Scissor Comb

The **Illex Softlure Scissor Comb 9.7cm 3.8"** is not just a soft lure, but a revelation in terms of manoeuvrability and vibration. Developed by Japan's most renowned mould makers - Jackall, this lure combines powerful vibrations with exceptional responsiveness. The ribbed body combined with the forward-facing tentacles react to the slightest tug, releasing a series of vibrations that last for seconds after the tug - an irresistible attraction for any predator.

Impressive versatility

Whether fished on the drop shot, Texas Rig or on the surface - the **Illex Scissor Comb** proves its versatility and effectiveness in all conditions. Specially designed for perch and zander, there is hardly any other bait that can compete with it in terms of attractiveness. Enriched with an effective flavour, this lure is a secret weapon for the ambitious angler.
