Strike King

Product number: SK-CSD5-23

Rubber bait that has been made from the best plastics in the world.

6,99 €* 6,99 €

With its unique air-filled bubble tail, the Strike King® KVD Perfect Plastics Caffeine Shad flaunts an awesome set of moves never before seen in a topwater shad bait. Crafted with the world's best plastics, the Caffeine Shad is extremely soft and pliable, loaded with heavy salt, and strongly laced with real coffee scent. This deadly combination maximizes the Strike King Caffeine Shad's appeal by masking unnatural scents and giving fish a tasty reason to hold onto the bite longer, resulting in a healthy increase in positive hook-ups. You can rig the Shad weightless for topwater, add it to a Carolina rig, or pin it on a jighead when fishing down in the water column. Shallow or deep, the Caffeine Shad is the bait to reach for when you need to really wake the bass up!
