6,09 €* 6,09 €

Jenzi Mini Chatter Bait Bladed Jig 5g: Your indispensable companion for light predator fishing.

The Jenzi Mini Chatter Bait Bladed Jig, weighing just 5 grams, has been specially designed for targeted predator fishing, ideal for targeting perch and similar species. With its optimally sized hook size of 1/0, it is designed to give you maximum chances of success.

The highlight of the Mini Chatter Bait is its wide blade, which creates plenty of pressure and movement in the water to tempt even the most reluctant fish into a bite. The slim head shape, complemented by the integrated fish eye on both sides, creates an additional, irresistible attraction. Unlike many other jigs on the market, the Jenzi Mini Chatter Bait is made from zinc and contains no lead, making it more environmentally friendly.

But that's not all. Our jig is equipped with ultra-sharp hooks that are sure to grab any fish, no matter how cunning. Thanks to the additional hook for fixing the bait, your bait will always be perfectly positioned. All this combined with UV-active materials and high-quality skirts creates an unbeatable total package that the fish simply can't ignore.
