Discover the Nays BLD RNNR LF Jig Spinner - lead-free fishing redefined

Revolutionary design for ultimate performance

The *Nays BLD RNNR LF jig spinner*, also known as the Nays Blade Runner, is a further development of the classic BLD RNNR. It is characterised by its lead-free (LF) design, which is not only environmentally friendly, but also offers an improved silhouette for higher catch rates. This jig spinner, ideal for freshwater fishing, is a must-have for every angler.

Advanced technology for irresistible attraction

With its ball-bearing spinner blade together with a specially ribbed body design, the Nays jig spinner generates strong pressure pulses under water and effectively entices predatory fish to bite. Whether used as a tail spinner or jig spinner, this lure is irresistible to predatory fish such as perch, asp and pike.

Outstanding casting properties and unrivalled bite yield

This jig spinner, packed in units of one, with a hook size of #8, is perfect for freshwater fishing. Its compact shape enables outstanding casting properties and reduces tangling. The BLD RNNR LF, mainly made of high-quality metal, is equipped with a super-sharp [BKK Spear-21 SS treble](#) and thus guarantees an excellent bite yield.
