Jenzi Sea-Trout Lure Lars Hansen

On 14. April 2011, six JENZI-Team anglers descend from limestone cliffs to the coast of Rügen. The weather: light fog with mild waves, the water is a bit murky. Rods assembled, bait attached and the first seatrout lure is fired like a torpedo into the sea. With rapid speed, the LARS HANSEN is reeled in, short stops, that create a tumbling and hesitating movement and “BOOM” the first seatrout is hooked- What a beautiful sight.

Within three days over 40 seatrout were netted – the bait: LARS HANSEN – Seatrout lure. (See the corresponding report and pictures in FACEBOOK) The lures have a double split ring: this reduces the possibility of the fish prying itself away from the lure. Enormously sharp hooks round out this successful series.
