0,00 €* 0,00 €

The rod series Crazee from A-Tec contains extreme light and high-grad carbon rods at a good price-performance ratio.

The spinning rods **Crazee Wind S832M/S852MH** are designed for shore fishing and come with a casting weight from up to 21g resp. 28g.

These two rods impress with a precious look and premium components like, for example, a carbon blank, Fuji Concept-O guides, a Fuji VSS reel seat and an EVA SplitGrip.
