Jenzi Catfish Rod Baitmaster Vertical

Siluro Special Baitmaster Vertical – Finally, after long and arduous testing, the 1,70 m long one piece vertical rod is now available. In cooperation with our SILURO SPECIAL team anglers, this light, thin, yet powerful Baitmaster VERTICAL has been developed. Its extreme spine and enormous power reserves had to prove themselves over and over again during the various testing phases. The 6 + 1 SEAGUIDE ring-guides with a 25 mm start ring, allows it to be used both as a stationary as well as a multi-reel.

The length and the construction of the high density of EVA-handle as well as the reel-holder were constructed in a way that meet all necessary challenges and forces. In addition, a fingerprint has been integrated into the upper handle, providing for a perfect slip-free grip. Baitmaster VERTICAL – a totally “FUN-STICK”

The sensitive and fine tip-action allow for accurate and natural casts of VERTICAL systems and fireballs of up to 250 g. The rod can also be used for knocking with ease.
