

Illex Dunkle 5" Swimble 15cm 29,5g

Illex

Product number: IL-DNKL5

Hybride swimble packed with innovative features.

19,90 €* 19,90 €

The Dunkle 5" is a soft shad swimble packed with innovative features.

Designed for bass and pike anglers, the dense body helps with long distance casting but is also great at skipping around sunken structures and snags. The lure is armed with an ultra-sharp double hook on a rolling swivel with a split ring and kept in place with a clip that comes free when a predator bites. This reduces hook pulls and missed takes by holding the hook in the optimal position. A second clip is fitted to the back of the Dunkle to let you fish closer to snags. The body shape tapers fast from the thick shoulders to the large tail and generates a seductive swaying action when fished at slow speed. Available in a range of colours, the Dunkle is a must have lure for the modern angler!
