The ultimate family kayak! The Feelfree Corona is comfortable, stable and versatile, with three different seating configurations. The middle section of the kayak can be utilized as a spot for a third paddler or for solo paddling by taking out the other seats. Whether you're paddling the Corona solo, tandem or with three paddlers, you'll find that it handles well on most bodies of water. And with molded in handles and our proven Wheel in the Keel, no one in the family will be complaining when it comes time to move it around.
