

Nils Master Jigger Balance Jig Vertical Lure 166

Nils Master

Product number: NM-JIG-166

Legendary balance jig for ice fishing.

from 13,90 €* 13,90 €

The Balance Jigs from Nils Master are legendary perch baits that work when ice fishing both from the ice and from a boat. The Balance Jigs are designed for ice fishing both on the lake and by the sea and are available in sizes from 4 to 12 cm. The largest models are absolutely safe when fishing for pike, while the smaller ones are suitable for perch, salmon fish, rainbow trout, trout and grayling. Sizes 1 and 2 are available with a long body and a triple hook: the first in the world, designed by Kalevi Kangas. The body material of the balance jigs is a mixture of metals.
