Railblaza Cleatport Ribmount

Two applications in one.

Bringing the Functionality of the CleatPort to your PVC or Hypalon Inflatable boat.

It's a simple idea, but very effective. Now your cleat can hold your fishing rod, mobile phone, drink, navlight, or anything else that a RAILBLAZA accessory can hold.

The cleat gives you a tie off point for stern lines and bow lines on small craft. The StarPort gives the extra functionality of adding any RAILBLAZA accessory.

The CleatPort RIBmount is now supplied with the new 3M VHB pad this allows you to peel and stick the CleatPort RIBmount, then fit any of your favorite RAILBLAZA accessories.
