Fish the Xtreme attitude consistently at any depth. Based on the Countdown method introduced by Rapala in the 1960s, the X-Rap Countdown brings modern X-Style finishes and details to the game. It swims with a strong rolling action and flutters down on the pause. The X-Rap Countdown sinks 30% faster than the classic Countdown. Due to its weight and body design, the X-Rap Countdown is also very long casting.

Features:

- Consistent depth control
- Strong rolling action
- Flutter action on drop
- Sinking
- X-Rap finish
- 3D holographic eyes
- VMC® Black Nickel hooks
- Hand-tuned & tank-tested
