

Zattics Siek Softbait 12 cm

Zattics

Product number: ZTS-SIEK

The Zattics SIEK is a low-action lure of the extra class.

8,99 €* 8,99 €

The thicker end of the pintail makes the Zattics SIEK the perfect lure for dropshot fishing. The rubber compound has a high degree of softness and therefore ensures extreme manoeuvrability. The guide groove on the back of the Siek also makes it perfect for fishing on the Cheburashka mount.

In addition, the Zattics Baits attract hungry predators with their subtle squid flavour. The maximum size eye provides a point of aggression for the predator, ensuring that bites fall on the front part of the body. The Zattics colour range ensures that there is a lure to suit all weather and water conditions.

- Low-action Pintail
- Guide groove for offset hook
- Soft Material
- Light Squid Flavour
- Large, dark eye as point of aggression
- Free from toxic plasticisers (without BPA & phthalates)

Zattics Color-Range:
