

Jenzi Fishing Rod Lars Hansen Seatrout III 3,15m 18-42g

Lars Hansen fishing rod seatrout

Handmade – Light carbon blank – fast backbone – noble design The technological know how and the craftsmanship of the rod builder come to the forefront especially in the case of this sea trout rod: Thinner blank, only 254 g weight for tireless angling, balanced out lightness, noble cork handle and a light metal reel holder! Add to this a powerful backbone for distant and accurate casts. The sensitive tip absorbs the sudden attempts of the fleeing fish. The long and comfortable cork handle provides for a secure hold and an optimal casting leverage, in that longs casts are so decisive when angling for sea trout. Noble design with a Carbon-X-Line blank and silver colored binding rounding off the masterful equipment - and all of this at a palatable price.

- High density EVA handle
- Portable
- Special long-cast handle needed for reaching distant sea trout
- Lightweight for effortless casting
