

# Salmo Fatso lure pullbait EP emerald perch

Salmo

Product number: SAL-F1XX-EP  
13,49 €\* 13,49 €

FATSO is a unique hybrid of wobbler and jerkbait that opens an entire new horizon for predator anglers.

At the first glance, the lazy action of this lure will remind you of a large spoon. However any skilled angler that has tried using it as a twitchbait, jerkbait, wobbler or even trolling it behind a boat, will confirm what an amazing and lethal weapon it can be.

<b>Size</b>	<b>weight</b>	<b>Swimming Action</b>	<b>Diving depth: spinning / trolling</b>
